

Classic Mystic Allure

A nod to minimalism

This car fragrance in the form of a **classy pendant** with a decorative lacework is made of wood that delights with its aesthetic values, while acting as a perfect natural fragrance carrier.

When designing the Premium Collection fragrance line, we decided to work on **first-class, exclusive perfumes**. These inspirations translated into special, rich and long-lasting scents that provide a unique experience to every driver and passenger.

Experience an exquisite MYSTIC ALLURE fragrance: it enchants with juicy **mandarin** and spicy **clary sage**. In the heart, a captivating sweetness of **caramel** blended with floral **geranium** and **heliotrope** unfolds. The base of the fragrance is a sensual and embracing combination of **vetiver**, **sandalwood** and **tonka bean**.
